

20851 TORREY PINES WAY

Freshly updated in the Summer of 2015, your first reaction is that this must be a new model home! With over \$140,000 in custom upgrades you are sure to be delighted. As you walk thru the entrance, exquisite hardwood flooring graces the common areas and den. The extensively remodeled kitchen is enhanced with custom cabinetry with self-closing doors and drawers, granite counter tops, GE Profile appliances, and LED up and down cabinet lighting. The new maintenance free 2015 custom pool with integrated spa, pavers and Jandy controls is truly another plus. Oh yes...check out the laundry room. I have to confess that it is the first time I have seen granite and tile backsplash in place!! Yes, there is also an Electrolux front loading steam washer and dryer. Treat yourself...this fantastic home is perfect!

Offered at \$624,500, unfurnished
